The Scottish SPCA’s Animal WISE programme has four key themes. We need to WATCH interactions between humans and animals, making sure everyone is kept safe. We need to INFORM people that animals matter and instil that belief that they experience emotions and deserve to be shown compassion and empathy. We need to SUPPORT those who need it, particularly those who suffer from poverty, isolation and loneliness and use our expertise to tackle the link between animal cruelty and violent crime. Finally, we need to ENCOURAGE people to contact our animal helpline if they feel an animal is in danger, it is hurt or if someone needs help taking care of their animal.

The Scottish SPCA is here to support every animal and every person across every generation. Follow our journey to see how we can support you...

**Already booked?**

The Scottish SPCA takes a partnership approach in everything we do and we are keen for our Animal WISE activities to make a lasting footprint in people and animals lives. So if you have booked one activity such as an informal chat, why not book a workshop or sign up for one of our e-learning courses.

Please note you can access all of our online resources at any time and they are all free. Take a look at scottishspca.org/animal-wise/resources and if you need some help with these get in touch by emailing education@scottishspca.org.
